

AADAI AGM 2025

MEMBERSHIP REPORT

I am pleased to present this report to the AGM regarding progress made this year.

We have had a busy year due to changing over from our Insightly database to Membership Works.

The process continues and you will find more details included in Geoff Mullin's Webgroup report. Suffice to say between Geoff, Bronwyn, Jim and myself there have been many lists checked and rechecked and a few late nights trying to meet deadlines!

Membership Works keeps a daily tally of our figures so that we can quickly assess our position. It also automatically sends out renewal reminders, so providing that your email address is up to date, you will get a reminder when your subscription is due.

Our current figures are as follows

423 Financial Members..... an increase of 33 on last year's figure

99 New members.....an increase of 28 on last year's figure

We believe members are finding our Association earlier in their diagnosis, which is pleasing. We will do more analysis on how they heard about us.

I would like to remind everyone to make sure you include your full name in the reference line when making a payment through the bank. I have a couple of credits without names so I don't know who to assign them to. You should get a receipt within about 10 days of payment. If this doesn't eventuate, please let me know.

This is my final report as Membership Coordinator as I'm hoping to travel at some time next year so Laura McMenamin will take over from me.

Thank you to all the members who pay their subscriptions year in, year out, you are the backbone of this organisation and make my job easy and enjoyable.

In closing, I must thank Geoff for guiding the organisation and myself through the massive changeover this year and also to Bronwyn and Jim for all their support and friendship throughout the years.

Best wishes to all,
Julia Kelly
Membership coordinator
